

**DEPARTMENT OF ENVIRONMENTAL SERVICES NEW HAMPSHIRE
WASTE MANAGEMENT DIVISION**

Underground Storage Tank (UST) Engineers - UST Design Engineers

This is not a list of prequalified engineers and/or environment consultants. Nor is it a complete list of available engineers and/or environmental consultants, and it does not constitute an endorsement of those on the list, nor for any reason a statement against any firm not on the list. Any engineers and/or environmental consultant may be retained who can perform the desired service. All of the engineers and/or environmental consultants listed may, or may not be able to perform the desired service. Contact should be made with several to determine the service that can be provided, and the price range. For best results, and to avoid problems, an engineer and/or environmental consultant with experience with the particular service to be performed, and with the governmental requirements, should be hired.
